SPOKES	Sapim Leader, 14g
TIRES	Kenda Nevegal, 120 tpi, 26x2.1 Folding
OTHER	
WEIGHT	How much does this bike weigh? It's a common question, and rightly so. But the truth is, there are no industry standards for claiming bike weights—and this leads to a lot of misinformation. Variances exist based on size, frame material, finish and hardware. And as bikes get lighter, these differences become more critical. At Giant, we believe the only way to truly know the weight of any particular bike is to find out for yourself at your local retailer.

FRAME DESIGN

Perfectly balanced to improve both your climbing and descending. Five inches of plush Maestro travel, combined with a lightweight and stable ALUXX SL frame and a tapered OverDrive headtube for pinpoint steering, make this the ultimate bike for tackling all types of singletrack. For all-day epics or short, fast trail rides, the all-new Cypher is your bike.

MAESTRO SUSPENSION

ALUXX Aluminum Technology

- Fox 32 F125RL with 15QR thru-axle, tapered steerer tube suspension fork, Fox Float R rear shock
- Shimano SLX componentry, Avid Elixir 5 hydraulic disc brakes
- Giant Connect handlebar, stem and seatpost
- Giant S-XC2 rim/Giant Tracker (15mm)/Shimano Deore M475 hubs/stainless spokes, wheelset
- Color: Pearl White/Light Blue
